

The **BOX**

is a uniquely designed box to safely collect unneeded over-the-counter and prescription drugs until they can be disposed of properly.

This state of art box is made of heavy gauge metal and features a unique interior "throat" design to prevent reach-in removal.

Helping to create a safer environment!

Where are they now...

The Box has been installed at the following Law Enforcement agencies:

- City of Faribault
- City of Blooming Prairie
- City of Fairmont
- Waseca County
- Steele County
- City of Northfield

SECURE

The Box is designed to be anchored to the floor from the inside. The clean out door is secured with (4) low profile door mounted locks. The unique receiving slot is designed to prevent the unwanted removal of medications.

CUSTOMIZABLE

The Box can be painted any color. The clean out door can be mounted on either the right or left side to fit your installation needs. A sticker and literature package is available free in electronic form to explain the program and can be modified to fit your specific needs. For more information, please contact the Rice County Chemical Health Coalition at 507.664.3524.

AFFORDABLE

The Box is an affordable way to safely collect medications and dispose of them properly. We can provided delivery and installation or we can ship directly to you. Mounting hardware and instructions included.
